The 60 Year Story

Happy 60th Anniversary!!!! The Kathryn L. Kurka Children's Health Fund has provided 60 years of continuous funding for health services for children enrolled in the Los Angeles Unified School District who have limited or no resources for their care. The current Board is dedicated to continuing the goals of the Kurka Fund.

During the 2015-2016 school year the funds were used:

- To assist 2,000 students that received vision care and glasses.
- To support PTSA and LAUSD Vision and Health Clinics.
- To reimburse clinics and medical providers for services to LAUSD students.
- To help fund school nurse educational programs

Partners for Health

Kurka continues partnerships with LAUSD District Nursing Services, LAUSD Medical Services, Kids Vision for Life (KVFL) and PTSA to provide free frames and lenses at LAUSD Vision Clinics. There may be a need for a small fee for services at these clinics.
